POOLSIDE WOMEN'S BIBLE STUDY

Summer Sunday School Program

This summer we invite all ages and Sunday School classes to try something new: "An Insider's View of Jesus" video-driven discussions on Real Discipleship using the Ted and Lee Mennonite Comedy video/DVD. Each week everyone will gather as one group in the fellowship hall for an opening followed by a video clip featuring Ted and Lee. Then we will break out into regular Sunday School discussion groups to discuss questions based on the clip. Next we will all read the scripture text relating to the clip we had watched and again break into Sunday School groups to discuss the scripture text and how it relates to us personally. To close, each Sunday School group will relate back to the whole group on the highlights or questions that arose during their discussion so that all age groups can hear each other.
